Municipal Councillors are agreeable to the alienation of their property. The Trunk Boards have, however, already resolved that in the interest of the wants of the Convents the request of the Lady Superiors should be complied with to the utmost extent practicable. Regard being had to the objection from the Mahomedan residents of the locality, the Chairman suggests the grant of land only to the premises road A.A. on the sketch measuring 7233 sq. yds the original promise was to give the land at 4 annas per sq. yd. Both the Convents contemplate using it as a play-ground (vide note by Private Secy to the Chairman attached hereto). The outlay incurred by the Trunk Rd on the lands acquired by them has been reported to come to Rs 1-4-8 per sq. yd.

Submitted for orders as to whether the opinion of the Municipal Board may be obtained in the matter of the proposed grant.

2 The Lady Superior's letter makes no mention of price & the Private Secretary's note shows that the Catholic Priest is under the impression that the land has cost the Trust Board 2 cents per sq yd Whereas ~~the Church~~ on point of fact it is stated to have cost them 1/- per sq yd -

3 The Lady Superior's letter shows that the Convent authorities are under the impression that they could build on the land promised by the Trust Board & be given them at 2 cents a sq yd - But the condition is that the authorities should not build on the land -

The Trustees with the Chairman inspected the grounds asked for by the Lady Superior of the Convent of Good Shepherd as also the accommodation available in the convent itself.

Mr.Mohamed Jaffer represented that there were objections to giving to the Convent the entire plot as far as the Mosque on the south side of the road as it would inconvenience both the members of the Convent and the people that resort the Mosque on festive occasions.

Considering that most of the properties to be removed are of an insanitary description and that their acquisition formed part of the improvement scheme of the area, that there is suitable accommodation close by for the families displaced, and that more room is urgently required for the health of the inmates of the Convent, the Board consider that the request of the Lady Superior should be complied with to the utmost extent practicable

SIR

In continuation of my letter No 463 of the 10th September last, and with reference to subsequent correspondence ending with No.520 of 8-12-1906, in the matter of land applied for by the Lady Superioress of the Convent of the Good Shepherd, Mysore, I have the honor to report that the plot of land east of the Convent, shown in the accompanying plan, has all been cleared with the exception of houses indicated by Nos.15,12,10, & 1/29, which have been acquired, and will shortly be removed The plot covers an extent of 9401 Sq Yds., composed of 6570 Sq.Yds acquired by the Board, 2631 Sq.Yds of Municipal land vested in it, and about 200 Sq Yds of vacant land of a private party

2. The compensation awarded on account of said 6570 Sq.Yds. of land, and buildings thereon, has amounted to Rs. 6474/- as detailed in the annexed statement, and the cost of drains laid for conservancy lanes, as per original sanctioned proposals, amounts to nearly Rs.378, so that the total investment of the Board on the said site has amounted to Rs. 6852 which gives an avera rate of Rs.1-0-8 per Sq.Yd.

Subject

In Continuation of Chairman's letter No: 463 dated 10-5-1907, Submits a report regarding the land applied for by the Head of the Good Shepherd Convent, Bangalore by the Lady Superioress of the Convent

3. It will have now to be decided first at what rate the land can be made over to the Convent, and, secondly, what area. The Convent was promised that the plot measuring 336 Sq.Yds, shaded red on the plan, would be given at 4 annas per Sq.Yd., vide Board's resolution in the meeting dated 28th March 1906. Regarding the whole area now asked for by the Lady Superioress, Mr.Mahomed Jaffer has recorded in minutes of inspection of the Trustees submitted to Government with Chairman's No.462 dated 7th September 1906, that the grant of the whole plot, as far as the mosque, to the south of the road, is likely to inconvenience both the members of the Convent and the Mahomadans that resort to the mosque on festive occasions. In consideration of this objection of Mr.Mahmud Jaffer, it may be expedient to give to the Convent so much portion of land as lies to the west of the small road (A A), shown on the plan to run north to south, to serve as a conservancy lane, if the portion of its east is given for building purposes. The area now proposed to be made over measures 7233 Sq.Yds.

4. I enclose herein letter dated 17th April 1906 from Sister Marie Superioress, submitting alternative proposals regarding the land required for the use of the Convent.

or

Sir.

The number of the homeless children in the Convent of Mysore, has considerably increased and the exiguity of the buildings the want of open space as well as the formation of a play ground renders impossible the application of the elementary rules of Hygiene

It has become of the last importance

to improve that precarious condition on wh
depends the health of so many orphans
and the Reverend Lady Superior on whom
devolves such responsability, justly consider
as her duty to ask for extention the law
at the East of the Convent

The Trust Board has been made
aware of the unhealthy condition of the
establishment and of the needed improvements
by the Chairman, whose care ought to be
extend to all, and who kindly inspected
all the buildings of the Convent

On his favourable report the Trust
anxious that about 200 children virtual

should also benefit of all the improveme
now going on in the town of Mysore,
the Trust has been so very kind as to gran
a part of the land adjacent to the Ea
of the Convent But the granted
part is not enough for the needed improvem
and the Chairman is at one with us in
declaring that it is quite insufficient to
guaranty the sanitary end in view

Therefore, the Lady Superior, humbly ask
your Excellency very kindly to add to the
raccous offer of the Trust the rest of t
land, which is at the disposition of t
ent

That portion of land to the East of

Convent added to the existing ground, owing to the present disposition of the place will make a symetrical compound and will give the Lady Superior, the required space to procure the Orphans a healthy accommodation.

As an instance of the necessity to have more accommodation for the children, I beg to bring to the notice of your Excellency that lately, there was one case of measles among the orphans and the children being over crowded, the contagion spread to such an extent, that within a few days, besides the children looked after in the Convent itself, 70 others were treated in the Plague Camp and 7 in the Civil Hospital
